LETTER TO APPLICANT

UNITED STATES DEPARTMENT OF EDUCATION

Office of Innovation and Improvement

Dear Applicant:

Thank you for your interest in the Charter Schools Program (CSP). Included in this application package are the instructions and forms needed to submit a CSP application for Non-SEA grant 84.282B to the U.S. Department of Education. The CSP is authorized under Title V, Part B, Subpart 1 of the Elementary and Secondary Education Act of 1965 (ESEA), as amended. A copy of the Notice Inviting Applications for New Awards for Fiscal Year (FY) 2016 and the authorizing statute are provided in the application package. Please take the time to review these documents thoroughly.

Non-SEAs in States with a State statute specifically authorizing the establishment of charter schools *and* in states without an approved CSP application may apply for funding. Non-SEA eligible applicants may use funding for planning, program design, and the initial implementation of a charter school and must apply under CFDA No. 84.282B.

Please read the document within this application package titled *[Grants.gov Submission Procedures and Tips for Applicants](#)* which describes the submission procedures to ensure your application is received in a timely and acceptable manner. The CSP Non-SEA applications (CFDA 84.282B) for FY 2016 must be submitted electronically using the governmentwide Grants.gov Apply site at www.Grants.gov on or before the deadline date. The electronic submission of applications is required; therefore, you must submit an electronic application unless you follow the procedures in the Federal Register Notice and qualify for one of the exceptions to the electronic submission requirement. If you think you may need an exception, you are urged to review the requirements promptly.

Please note that U.S. Department of Education grant application deadline is **4:30:00 pm. Washington, DC time. Applications submitted late will not be accepted.** The Department is required to enforce the established deadline to ensure fairness to all applicants. We suggest that you submit your application several days before the deadline, and we strongly recommend that you do not wait until the last day to submit your application.

A CSP program officer is available to provide technical assistance to applicants. If you have any questions about the program after reviewing the application package, please call or e-mail Lourdes Rivery at (202) 453-7060, Lourdes.Rivery@ed.gov. For questions or problems in navigating the Grants.gov system, please call the Grants.gov helpdesk at **1-800-518-4726**.

We look forward to receiving your application and appreciate your efforts in increasing the national understanding of the charter school model and expanding the number of high quality charter schools across the Nation.

Sincerely,

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 10.1.14). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov at this link: [compatibility table](#). We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> **[Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR)*.)]**

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-fags.html>.

All applicants are advised to confirm that they have an active record with SAM. If an applicant has an expired record, the applicant will need to activate its record in order to submit an application to the CSP competition.

Registration in Brief (ALLOW 4 WEEKS FOR COMPLETION OF ALL STEPS)

- a. **Obtain DUNS Number Same Day.** If requested by phone (1-866-705-5711) DUNS is provided immediately. If your organization does not have one, you will need to go to the Dun & Bradstreet website at <http://fedgov.dnb.com/webform> to obtain the number.
- b. **Register with SAM.** All applicants are advised to confirm that they have an active record with System for Award Management (SAM). If an applicant has an expired record, the applicant will need to activate its record in order to submit an application for the CSP grants for SEAs competition. Ensure that your organization is registered with the System for Award Management (SAM) at <https://www.sam.gov/portal/public/SAM/>. If your organization is not registered within the SAM, an **authorizing official** of your organization must register.
 - i. You can obtain a Data Universal Numbering System (DUNS) number from Dun and Bradstreet. A DUNS number can be created within **one-to-two business days**.
 - ii. If you are a corporate entity, agency, institution, or organization, you can obtain a Taxpayer Identification Number (TIN) from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please **allow 2-5 weeks** for your TIN to become active.
 - iii. The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and

accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to **allow 24 to 48 hours** for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an **Authorized Organization Representative (AOR)**; and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

For additional guidance on updating a registration, applicants are advised to visit the SAM.gov Web site.

- c. **Username & Password Same day.** Complete your AOR (Authorized Organization Representative) profile on Grants.gov and create your username and password. You will need to use your organization's DUNS Number to complete this step. <http://apply07.grants.gov/apply/OrcRegister>.
 - d. **AOR Authorization *Same day.** The E-Business Point of Contact (E-Biz POC) at your organization must login to Grants.gov to confirm you as an Authorized Organization Representative (AOR). Please note that there can be more than one AOR for your organization. In some cases the E-Biz POC is also the AOR for an organization. ***TIME DEPENDS ON RESPONSIVENESS OF YOUR E-BIZ POC.**
 - e. **TRACK AOR STATUS**
At any time, you can track your AOR status by logging in with your username and password. Login as an Applicant (enter your username & password) using the following: http://www.grants.gov/applicants/org_step6.jsp.
- **SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR -Central Contractor Registry). If you do not enter the same DUNS

number on your application as the DUNS you registered with, Grants.gov will reject your application.

- **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/grant-application-process/application-statuses.html>.

For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/web/grants/support/technical-support/troubleshooting/encountering-error-messages.html>. If you discover your application is late or has been rejected, please see the instructions below.

Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/about/contact-us.html>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to <http://www.grants.gov/web/grants/about/contact-us.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov <http://www.grants.gov/web/grants/support/general-support/faqs.html>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: <http://www.grants.gov/web/grants/support/technical-support/recommended-software.html>. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach **.PDF files only** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

*Please note that the Central Contractor Registry (CCR) was replaced by the System for Award Management (SAM) effective July 30, 2012.

II. Program Background Information

PROGRAM OVERVIEW

Program Office: Office of Innovation and Improvement (OII)

Charter Schools Program Grants for Non-State Educational Agencies (Non-SEAs), Planning, Program Design, and Initial Implementation

CFDA Number: 84.282B (Non-SEA Grant Program)

Program Type: Discretionary/Competitive Grants

Also Known As: Charter Schools, Public Charter Schools Program, CSP

Program Description: The purpose of the Charter Schools Program (CSP) is to increase the national understanding of the charter school model by (1) expanding the number of high-quality charter schools available to students across the Nation by providing financial assistance for the planning, program design, and initial implementation of charter schools, and (2) by evaluating the effects of charter schools, including their effects on students, student academic achievement, staff and parents.

Under the CSP grants for Non-SEAs program, the Secretary awards grants to Non-SEAs on a competitive basis to allow individual charter school operators to apply directly to the Department for funds. Eligible Non-SEA applicants must be from a state that has a State statute specifically authorizing the establishment of charter schools *and* a state in which the SEA does not have an approved application from CSP under 84.282A (or will not have an approved application under 84.282A) as of the start date for the grant.

Non-SEA eligible applicants applying for the planning, program design, and initial implementation of a charter school grant must apply under CFDA No. 84.282B.

States whose SEAs currently have approved CSP applications are California, Colorado, District of Columbia, Florida, Indiana, Minnesota, Missouri, New Jersey, New York, Rhode Island, South Carolina. We will not consider applications of Non-SEA applicants from these States. In addition, the Department will approve CSP applications of additional SEAs in FY 2015. Applications of Non-SEA eligible applicants from States whose SEA applications are approved in FY 2015 will not be considered. When available, FY 2015 SEA awards will be posted at www2.ed.gov/programs/charter/awards.html.

Before preparing the application, applicants should review the complete Federal Register notice and the program statute for specific guidance and requirements. For more information regarding non-SEA eligible applicants go to: <http://www2.ed.gov/programs/charternonsea/index.html>.

IV. Application Submission Procedures

APPLICATION TIPS

- I. Register or maintain registration on SAM.gov. The SAM registration process can take approximately seven to ten business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov. Also note that you will need to update your registration annually. This may take three or more business days.
- II. Register early on Grants.gov. The registration process may take upwards of several weeks to complete. For additional information on the registration and submission process please review the resources available on the Grants.gov Website.
- III. Verify that the person assigned to submit the application has been designated as an Authorized Organization Representative (AOR). Track your AOR status (see page 6). You must be “active” in order to submit an application on behalf of the organization.
- IV. Review the submission for clarity. Applications will be read by multiple peer reviewers; therefore it is important to ensure that the application can be understood by someone who is unfamiliar with your project. It is highly recommended that an applicant clearly state which priority, requirement or selection criterion their application is responding to throughout their submission.
- V. Submit all files in .PDF format. While Grants.gov may accept other format types, the Department’s system, which receives the files from Grants.gov, will only accept .PDF files. Files submitted in formats other than .PDF may not convert in a legible manner and, in these instances, cannot be reviewed.
- VI. Submit early on Grants.gov. Applications must be finished uploading, and be validated by the Grants.gov system, by 4:30:00pm, Washington, DC, time on the deadline date. Validation indicates if the submission was successful and may take up to two days. If the submitted application is deemed invalid due to an error, applicants may correct the error and resubmit only if the 4:30:00pm Washington, DC time deadline has not passed. Applicants are encouraged to review the submission to be sure that the files transmitted correctly. Grants.gov may not catch all errors. Late submissions or modifications to the submitted application will not be accepted after the deadline.
- VII. Each application will be reviewed under the competition it was submitted under in the Grants.gov system, and only applications that are successfully submitted by the established deadline will be peer reviewed. Applicants should be careful that they download the intended CSP grants for Non-SEAs application package (84.282B) and that they submit their applications under the intended CSP grants for Non-SEAs competition.

NOTE: Applicants will receive multiple emails to confirm submission in Grants.gov, validation, and transmission to the Department of Education. Once the application is transmitted to the Department, applicants will receive a final email with a unique identifier called a PR Award Number. Use this number when making inquiries about the submitted application.

*For more information on grants.gov submission procedures and Tips for Applicants please refer back to the submission procedures located at the beginning of this document starting on page 4.

DUNS NUMBER INSTRUCTIONS

All applicants must have a D-U-N-S number in order to apply for federal funds.

NOTE: Check with your fiscal office to see if your institution has an assigned D-U-N-S before contacting Dun & Bradstreet.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-333-0505** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

http://www.dnb.com/US/duns_update/index.html

The D-U-N-S Number is a unique nine digit number that does not convey any information about the recipient. A built-in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1-888-814-1435.**

Note: Electronic submission via Grants.gov must use the D-U-N-S number your organization used when it registered in the System for Award Management.

ELECTRONIC SUBMISSION POLICY

Electronic Submission is Required

As outlined in the Federal Register notice for this grant competition, applications must be submitted electronically. You must submit your application using the electronic application system designated in the Federal Register notice. (The notice will designate whether you will use e-Application or Grants.gov). Under mandatory submission, electronic applications must be received by 4:30:00 pm Washington, DC time on the application deadline date. **Under this new policy, Education does not allow for any last minute waiver requests from applications, which is a change from the previous policy for mandatory electronic submission. Consequently, we strongly encourage you to review the registration and submission procedures for the designated electronic application system right away. In addition, we strongly suggest that you do not wait until the deadline date to submit your application.**

Exception to Electronic Submission Requirement:

You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, by mail or hand delivery, if you are unable to submit an application through the electronic application system designated in the Federal Register notice because –

- You do not have access to the Internet; or

- and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application. If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date. (Please follow the fax instructions found in the Federal Register notice for this competition. Also, your paper application must be submitted in accordance with the mail or hand delivery instructions also described in the Federal Register notice for this grant competition.)

For detailed information on the electronic submission requirement for this competition, please refer to the Federal Register notice.

ELECTRONIC NOTIFICATION OPTION FOR GRANT AWARDS

If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); **OR** we may send you an e-mail containing a link to access G5, the Department's Grant Management System. The email will be sent to both the project director and certifying representative in order for them to view and print the Adobe Acrobat version of the electronically signed GAN. If neither the project director nor certifying representative is registered in G5, they will immediately be prompted to register once the link is accessed. **The electronic signature and issuance of the GAN makes it crucial that your application include correct email addresses for both the project director and certifying representative.**

**DEFINITIONS FOR
DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424
(Attachment to Instructions for Supplemental Information for SF 424)**

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).

B. Exemptions:

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving***

educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of

consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

***Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4250, telephone: (202) 245-6120, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. Novice Applicant. Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank.**

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

3a. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”

3a. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF 424.”

3a. Human Subjects Assurance Number. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). ASSURANCES AND CERTIFICATIONS INSTRUCTIONS

GENERAL EDUCATION PROVISIONS ACT (GEPA) SECTION 427

***ALL APPLICANTS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

Section 427 requires each applicant to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six barriers that can impede equitable access or participation: **gender, race, national origin, color disability, or age**. Based on local circumstances, you should determine whether these or other barriers might prevent your teachers, etc. from such access or participation in the federally funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable in your circumstances.

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

First, applicants must **identify at least one barrier** that would prevent teachers, and other program beneficiaries from participating in grant activities. The statute highlights six types of barriers that can impede access to participation: **gender, race, national origin, color, disability, or age**. However, applicants can take a fairly broad view of what constitutes a barrier and may address a barrier that is not among these six. Nor does the barrier have to be related to an applicant's own operation or way of conducting business. The barrier could be an attitude or perception held by people that the grant project is intended to serve. For example, an organization could be free of any discriminatory policies but still have trouble getting immigrant parents involved because these parents are reluctant to work with any official group or agency.

Second, applicants must **explain what they will do to overcome the barrier**.

Here are two examples of identifying a barrier and its solution:

- **Barrier**—Low-income parents cannot participate in grant activities held in the evening at a local school because they lack babysitting and transportation.
Solution—Grant money will be spent to carry out a detailed plan (explained within the applicant's GEPA statement) to help the parents overcome their babysitting and transportation difficulties.
- **Barrier**—Sight impaired students cannot benefit from reading tutors paid for with grant money because the students are unable to use the books available during the tutoring sessions.
Solution—Grant money will pay for materials in Braille.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if

appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

(4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Ambitious means promoting continued, meaningful improvement for program participants or for other individuals or entities affected by the grant, or representing a significant advancement in the field of education research, practices, or methodologies. Baseline means the starting point from which performance is measured and targets are set.

Essential domains of school readiness means the domains of language and literacy development, cognition and general knowledge (including early mathematics and early scientific development), approaches toward learning (including the utilization of the arts), physical well-being and motor development (including adaptive skills), and social and emotional development.

Logic model (also referred to as theory of action) means a well-specified conceptual framework that identifies key components of the proposed process, product, strategy, or practice (i.e., the active "ingredients" that are hypothesized to be critical to achieving the relevant outcomes) and describes the relationships among the key components and outcomes, theoretically and operationally.

Performance measure means any quantitative indicator, statistic, or metric used to gauge program or project performance.

Performance target means a level of performance that an applicant would seek to meet during the course of a project or as a result of a project.

Relevant outcome means the student outcome(s) (or the ultimate outcome if not related to students), the proposed process, product, strategy, or practice is designed to improve; consistent with the specific goals of a program.

Rural local educational agency means a local educational agency (LEA) that is eligible under the Small Rural School Achievement (SRSA) program or the Rural and Low-Income School (RLIS) program authorized under Title VI, Part B of the ESEA. Eligible applicants may determine whether a particular LEA is eligible for these programs by referring to information on the Department's Web site at www2.ed.gov/nclb/freedom/local/reap.html.

Strong theory means a rationale for the proposed process, product, strategy, or practice that includes a logic model.

Specifically, the applicant should provide a written justification for a proposed single-sex charter school that explains (1) how the single-sex charter school is based on an important governmental objective(s); and (2) how the single-sex nature of the charter school is substantially related to the stated objective(s). The applicant should also provide (1) information about whether there is a substantially equal single-sex school(s) for students of the excluded sex, and, if so, a detailed description of both the proposed single-sex charter school and the substantially equal single-sex school(s) based on the factors in 34 CFR 106.34(c)(3); and (2) information about whether there is a substantially equal coeducational school(s) for students of the excluded sex, and, if so, a detailed description of both the proposed single-sex charter school and the substantially equal coeducational school(s), based on the factors in 34 CFR 106.34(c)(3).

An applicant proposing to operate single-sex classes or extracurricular activities offerings at a coeducational charter school should include in its application, or as an addendum to its application, a detailed description of how it is complying with applicable nondiscrimination laws, including the Equal Protection Clause of the U.S. Constitution (as interpreted in United States v. The Title IX requirements are discussed in more detail in the Department's "Questions and Answers on Title IX and Single-Sex Elementary and Secondary Classes and Extracurricular Activities," available at <http://www2.ed.gov/about/offices/list/ocr/docs/faqs-title-ix-single-sex-201412.pdf>.

(b) Describe how the charter school will be managed;

(c) Describe the objectives of the charter school and the methods by which the charter school will determine its progress toward achieving those objectives;

Note: The applicant may choose to include a discussion of the project-specific performance measures and targets it develops in response to the Performance Measures requirement as part of its response to this application requirement. The applicant should review Section VI.4. Performance Measures of the Notice Inviting Applications for information on the requirements for developing project-specific performance measures and targets consistent with the objectives of the proposed project.

- (d) Describe the administrative relationship between the charter school and the authorized public chartering agency;
- (e) Describe how parents and other members of the community will be involved in the planning, program design, and implementation of the charter school;
- (f) Describe how the authorized public chartering agency will provide for continued operation of the charter school once the Federal grant has expired, if that agency determines that the charter school has met its objectives as described in paragraph (c) of this section;
- (g) If the charter school desires the Secretary to consider waivers under the authority of the CSP, include a request and justification for waivers of any Federal statutory or regulatory provisions that the applicant believes are necessary for the successful operation of the charter school, and a description of any State or local rules, generally applicable to public schools, that will be waived for, or otherwise not apply to, the school.

Note: Each applicant for a Planning, Program Design, and Initial Implementation Grant under CFDA number 84.282B that is requesting a waiver of the requirement under section 5203(d)(3) of the ESEA (20 U.S.C. 7221b(d)(3)) to provide its authorized public chartering agency with notice, and a copy, of its CSP application, should indicate whether it has applied for a charter previously and, if so, the name of the authorized public chartering authority and the disposition of the charter application;

- (h) Describe how the grant funds will be used, including a description of how these funds will be used in conjunction with other Federal programs administered by the Secretary;
- (i) Describe how students in the community will be informed about the charter school and be given an equal opportunity to attend the charter school;

Note: The applicant should provide a detailed description of its recruitment and admissions policies and practices, including a description of the lottery it plans to employ if more students apply for admission than can be accommodated. The applicant should also describe any current or planned use of a weighted lottery or exemptions of certain categories of students from the lottery and how the use of such weights or exemptions is consistent with State law and the CSP authorizing statute. For information on the CSP lottery requirement, including permissible exemptions from the lottery and the circumstances under which charter schools receiving CSP funds may use weighted lotteries, see Section E of the CSP Nonregulatory Guidance at www2.ed.gov/programs/charter/nonregulatory-guidance.html.

- (j) Describe how a charter school that is considered an LEA under State law, or an LEA in which a charter school is located, will comply with sections 613(a)(5) and 613(e)(1)(B) of the IDEA (for additional information on the IDEA, please see <http://idea.ed.gov/explore/view/p/%2Croot%2Cstatute%2CI%2CB%2C613%2C>); and
- (k) If the eligible applicant desires to use grant funds for dissemination activities under section 5202(c)(2)(c) of the ESEA (20 U.S.C 7221a(c)(2)(C)), describe those activities and how those activities will involve charter schools and other public schools, LEAs, charter school developers, and potential charter school developers.

GRANTEE REPORTING AND PERFORMANCE MEASURES

Reporting:

At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118. For specific requirements on grantee reporting, please refer to the ED Performance Report Form ED 524B at:

<http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

Performance Measures:

The goal of the CSP is to support the creation and development of a large number of high-quality charter schools that are free from State or local rules that inhibit flexible operation, are held accountable for enabling students to reach challenging State performance standards, and are open to all students. The Secretary has set two performance indicators to measure this goal:

- (i) The number of charter schools in operation around the Nation;
- (j) The percentage of fourth-and-eighth grade charter school students who are achieving at or above the proficient level on State examinations in mathematics and reading/language arts.

Additionally, the Secretary has established the following measure to examine the efficiency of the CSP:

- (i) Federal cost per student in implementing a successful school (defined as a school in operation for three or more years).
- (ii) All grantees will be expected to submit an annual performance report documenting their contribution in assisting the Department in meeting these performance measures.

The Secretary encourages the applicant to propose a comprehensive plan for assessing the achievement of the charter school's objectives, including developing performance measures and performance targets for its proposed grant project that are consistent with those objectives. The applicant should clearly identify the project-specific performance measures and performance targets in its plan and should review the Performance Measures section of the Notice Inviting Applications for information on the requirements for developing those performance measures and performance targets consistent with the objectives of the proposed project. The applicant may choose to include a discussion of the project-specific performance measures and targets it develops in response to the Performance Measures requirements when addressing this criterion.

****For more guidance on creating strong application objectives and performance measures, please review the information in the Notice Inviting Applications on performance measures.**

EVALUATION LANGUAGE

A strong evaluation plan should be included in the application narrative and should be used, as appropriate, to shape the development of the project from the beginning of the grant period. The plan should include benchmarks to monitor progress toward specific project objectives and also outcome measures to assess the impact on teaching and learning or other important outcomes for project participants. More specifically, the plan should identify the individual and/or organization that have agreed to serve as evaluator for the project and describe the qualifications of that evaluator. The plan should describe the evaluation design, indicating: (1) what types of data will be collected; (2) when various types of data will be collected; (3) what methods will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports of results and outcomes will be available; and (7) how the applicant will use the information collected through the evaluation to monitor progress of the funded project and to provide accountability information both about success at the initial site and effective strategies for replication in other settings. Applicants are encouraged to devote an appropriate level of resources to project evaluation.

Successful applicants will be expected to report annually on the progress of each project or study included in the grant, including a description of preliminary or key findings and an explanation of any changes in goals, objectives, methodology, or planned products or publications.

INSTRUCTIONS FOR BUDGET NARRATIVE

Before preparing the budget narrative, **applicants should review the Federal Register notice inviting applications**, the instructions for ED 524 Section C, Budget Narrative and the program statute for specific guidance and requirements. Note that applications will be evaluated according to the specific selection criteria specified in the Federal Register notice. **Attachments must be in .PDF format.**

The Budget Narrative Form should include the eligible applicant's itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B of the ED 524 form. If applicable to this program, provide the rate and base on which fringe benefits are calculated. This competition does not require cost sharing or matching.

Applicants must complete ED 524 (in the standard forms section) for all budget years of the proposed project. Applicants must also provide a budget narrative that describes their proposed multiyear project activities and the costs associated with those activities as well as all costs associated with carrying out the proposed project.

Applicants approved for funding under this competition will be asked to attend a two-day meeting for project directors at a location in the continental U.S. during each year of the project. Applicants are encouraged to include the cost of attending this meeting in their proposed budget.

The budget should include only costs that are allowable, reasonable, and necessary for carrying out the objectives of the grant project. Rules about allowable costs are set out in 2 CFR Part 200¹, as adopted by the Department at 2 CFR Part 3474.²

For each line item of Sections A (federal costs) of the Budget Form (ED 524), provide detailed costs (in dollars) accompanied by a narrative justification to support your request.

Provide other budget explanations or comments deemed necessary.

Note: There is no matching requirement under this program. If an applicant shows funding in Section B, they must meet this voluntary match if awarded.

Please check all figures and combined totals in the budget narrative, and compare the amounts with those reflected on the ED 524.

Funding Restrictions. Grantees under this program:

- i. Must use grant funds for:
 - a. Post-award planning and design of the educational program, which may include: (i) refinement of the desired educational results and of the methods for measuring progress toward achieving those results; and (ii) professional development of teachers and other staff who will work in the charter school; and
Initial implementation of the charter school, which may include: (i) informing the community about the school; (ii) acquiring necessary equipment and educational materials and supplies; (iii) acquiring or developing curriculum materials; and (iv) other initial operational costs that cannot be met from State or local sources.

Note: CSP funds awarded under CFDA number 84.282B may be used only for the planning, program design, and initial implementation of a charter school. As a general matter, the Secretary considers charter schools that have been in operation for more than three years to be past the initial implementation phase and, therefore, ineligible to receive CSP funds to support the initial implementation of a charter school.

Before preparing the budget narrative, applicants should review the Federal Register Notice, and the program statute for specific guidance and requirements. Note that applications will be evaluated according to the specific selection criteria specified in the Federal Register notice.

Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Section A of the ED 524 (and Section B, if applicable). Provide other budget explanations or comments deemed necessary.

Personnel (Line 1): Provide each project personnel's base salary and wages and FTE.

Fringe Benefits (Line 2): If applicable to this program, provide the rate and base on which fringe benefits are calculated and identify the staff who are receiving the benefits. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect costs.

Travel (Line 3): Indicate the travel costs of employees and participants only. Provide a breakdown of the costs associated with each trip and justification for the costs. In addition, eligible applicants should include costs for at least one project staff person (project director) to attend an annual 2-day project directors meeting in Washington, DC.

Equipment (Line 4): Indicate the cost of tangible, non-expendable personal property that has usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy. Indicate the amount of equipment that is being purchased, the cost per unit, and the justification of purchases that links to the project narrative.

Supplies (Line 5): Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project. Applicants should provide a breakdown of how supplies costs are determined.

Contractual (Line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract. Identify who is being contracted with, the amount of the contract (this should include a breakdown of the major service components of the contract and the costs of each portion) and an explanation of what the services are being provided by the contractor.

Construction (Line 7): Not applicable.

Other (Line 8): Indicate all direct costs not covered on lines 1-6. This includes a breakdown of number of subgrants per year as well as the amount of each award or range, if applicable, per year. In addition, this line also could include costs such as space rental, required fees, training, and communication and printing costs. *Do not include costs that are included in the indirect cost rate.*

Total Direct Costs (Line 9): The sum of lines 1-8.

Indirect Costs (Line 10): Indicate the applicant's approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. If an applicant does not have an approved indirect cost rate agreement with a cognizant Federal agency, the applicant must apply to the Department for a temporary indirect cost rate if it wishes to charge indirect costs to the grant.

NOTE: If you have questions about obtaining an approved Indirect Cost Rate or applying your Indirect Cost Rate, you may contact a cost negotiator using the information provided at the following URL:

<http://www2.ed.gov/about/offices/list/ocfo/fipao/icgreps.html>. If you have further questions about Indirect Cost rates, please refer to 2 CFR 200.56.

Training Stipends (Line 11): Indicate the amount of stipend, the number of grant participants receiving the stipends and the justification for the stipend. Please make sure that training stipends are placed under this line item and not under "Personnel" or "Other."

Total Cost (Line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + training stipends).

Please note that a budget justification should be provided for both Federal costs and Non-Federal costs (if applicable).

Other Attachments Instructions: **The other attachments are to be attached to the “Other Attachment Form” in Grants.gov under the Mandatory Documents section.** This section is where applicants will attach additional documents, including resumes/curriculum vitae and appendices. Applications should include a resume for the project director and other staff who will be directly involved in the administration of the CSP grant, and proof of non-profit status. Before preparing additional documentation, applicants should review the **Federal Register Notice** and the **program statute** for specific guidance and requirements.
